Our goal is to help all students reach their greatest level of academic achievement. We can attain this goal by instilling in our students a love of learning and by providing a curriculum that includes basic liberal arts courses, fine arts, technology, and vocational training.

We dedicate ourselves to ensuring that all students will:

- Acquire skills to be successful as lifelong learners.

Board of Trustees

Policies BA, BB series, BD series, and BE series

Texas law grants the board of trustees the power to govern and oversee the management of the district's schools. The board is the policy-making body within the district and has overall responsibility for the curriculum, school taxes, annual budget, employment of the superintendent and other professional staff, and facilities. The board has complete and final control over school matters within limits established by state and federal laws and regulations.

The board of trustees is elected by the citizens of the district to represent the community's commitment to a strong educational program for the district's children. Board members are elected at large, and serve 3 -year terms. Board members serve without compensation, must be qualified voters, and must reside in the district.

Current board members include:

- Craig Mahan, President
- Billy McGrath, Vice President
- Nelda Priddy, Secretary
- Lance Jones
- Brandon Burrow
- Betty Morris
- Josh Mahan

The board usually meets on the third Monday of every month at 7:00 P.M. Special meetings may be called when necessary. A written notice of regular and special meetings will be posted on the district website and the Central Office at least 72 hours before the scheduled meeting time. The written notice will show the date, time, place, and subjects of each meeting. In emergencies, a meeting may be held with a two-hour notice.

All meetings are open to the public. In certain circumstances, Texas law permits the board to go into a closed session from which the public and others are excluded. Closed session may occur for such things as discussing prospective gifts or donations, real-property acquisition, certain personnel matters including employee complaints, security matters, student discipline, or consulting with attorneys regarding pending litigation.

Employment

Equal Employment Opportunity

Policies DAA, DIA

De Leon ISD does not discriminate against any employee or applicant for employment because of race, color, religion, sex, national origin, age, disability, military status, genetic information, or on any other basis prohibited by law. Additionally, the district does not discriminate against an employee or applicant who acts to oppose such discrimination or participates in the investigation of a complaint related to a discriminatory employment practice. Employment decisions will be made on the basis of each applicant's job qualifications, experience, and abilities.

Employees with questions or concerns about discrimination based on sex, including sexual harassment should contact **Dr. Dana Marable**.

Job Vacancy Announcements

Policy DC

Announcements of job vacancies by position and location are posted on a regular basis to the district's website.

Employment After Retirement

Policy DC

Individuals receiving retirement benefits from the Teacher Retirement System (TRS) may be employed under certain circumstances on a full- or part-time basis without affecting their benefits, according to TRS rules and state law. Detailed information about employment after retirement is available in the TRS publication *Employment After Retirement*. Employees can contact TRS for additional information by calling 800-223-8778 or 512-542-6400. Information is also available on the TRS Website (www.trs.state.tx.us).

Contract and Noncontract Employment

Policy DC series

State law requires the district to employ all full-time professional employees in positions requiring a certificate from the State Board for Educator Certification (SBEC) and nurses under probationary, term, or continuing contracts. Employees in all other positions are employed at-will or by a contract that is not subject to the procedures for nonrenewal or termination under Chapter 21 of the Texas Education Code. The paragraphs that follow provide a general description of the employment arrangements used by the district.

Probationary Contracts. Nurses and full-time professional employees new to the district and employed in positions requiring SBEC certification must receive a probationary contract during their first year of employment. Former employees who are hired after a two-year lapse in district employment or employees who move to a position requiring a new class of certification may also be employed by probationary contract. Probationary contracts are one-year contracts. The probationary period for those who have been employed as a teacher in public education for at

least five of the eight years preceding employment with the district may not exceed one school year.

For those with less experience, the probationary period will be three school years (i.e., three one-year contracts) with an optional fourth school year if the board determines it is doubtful whether a term or continuing contract should be given.

Term Contracts. Full-time professionals employed in positions requiring certification and nurses will be employed by term contracts after they have successfully completed the probationary period. The terms and conditions of employment are detailed in the contract and employment policies. All employees will receive a copy of their contract. Employment policies can be accessed on line or copies will be provided upon request.

Paraprofessional and Auxiliary Employees. All paraprofessional and auxiliary employees, regardless of certification, are employed at will and not by contract. Employment is not for any specified term and may be terminated at any time by either the employee or the district.

Certification and Licenses

Policies DBA, DF

Professional employees whose positions require SBEC certification or professional license are responsible for taking actions to ensure their credentials do not lapse. Employees must submit documentation that they have passed the required certification exam and/or obtained or renewed their credentials to the District Administration in a timely manner.

A certified employee's contract may be voided without due process and employment terminated if the individual does not hold a valid certificate or fails to fulfill the requirements necessary to renew or extend a temporary certificate, emergency certificate, probationary certificate, or permit. A contract may also be voided if SBEC suspends or revokes certification because of an individual's failure to comply with criminal history background checks. Contact District Administration if you have any questions regarding certification or licensure requirements.

Searches and Alcohol and Drug Testing

Policy CQ, DHE

Noninvestigatory searches in the workplace including accessing an employee's desk, file cabinets, or work area to obtain information needed for usual business purposes may occur when an employee is unavailable. Therefore, employees are hereby notified that they have no legitimate expectation of privacy in those places. In addition, the district reserves the right to conduct searches when there is reasonable cause to believe a search will uncover evidence of work-related misconduct. Such an investigatory search may include drug and alcohol testing if the suspected violation relates to drug or alcohol use. The district may search the employee, the employee's personal items, and work areas including district-owned computers, lockers, and private vehicles parked on district premises or work sites or used in district business.

Employees Required to Have a Commercial Driver's License. Any employee whose duties require a commercial driver's license (CDL) is subject to drug and alcohol testing. This includes all drivers who operate a motor vehicle designed to transport 16 or more people counting the driver, drivers of large vehicles, or drivers of vehicles used in the transportation of hazardous materials. Teachers, coaches, or other employees who primarily perform duties other than

driving are subject to testing requirements if their duties include driving a commercial motor vehicle.

Drug testing will be conducted before an individual assumes driving responsibilities. Alcohol and drug tests will be conducted when reasonable suspicion exists, at random, when an employee returns to duty after engaging in prohibited conduct, and as a follow-up measure. Testing may be conducted following accidents. Return-to-duty and follow-up testing will be conducted if an employee who has violated the prohibited alcohol conduct standards or tested positive for alcohol or drugs is allowed to return to duty.

All employees required to have a CDL or who otherwise are subject to alcohol and drug testing will receive a copy of the district's policy, the testing requirements, and detailed information on alcohol and drug abuse and the availability of assistance programs.

Employees with questions or concerns relating to alcohol and drug policies and related educational material should contact District Administration.

Health Safety Training

Policies DBA, DMA

Certain employees who are involved in physical activities for students must maintain and submit to the district proof of current certification or training in first aid, cardiopulmonary resuscitation (CPR), the use of an automated external defibrillator (AED), concussion, and extracurricular athletic activity safety. Certification or documentation of training must be issued by the American Red Cross, the American Heart Association, University Interscholastic League, or another organization that provides equivalent training and certification. Employees subject to this requirement must submit their certification or documentation to District Administration upon completion.

Candles

No candles or open flames are allowed in regular classrooms. The use of candle warmers is acceptable, but they must be turned off at the end of the day. Open flames that are used for educational purposes, i.e., science labs, are allowed, however, please use care and caution when using open flames around students. Teachers are responsible to make sure that all such flames are properly extinguished.

Reassignments and Transfers

Policy DK

All personnel are subject to assignment and reassignment by the superintendent or designee when the superintendent or designee determines that the assignment or reassignment is in the best interest of the district. Reassignment is a transfer to another position, department, or facility that does not necessitate a change in the employment contract. Campus reassignments must be approved by the principal at the receiving campus except when reassignments are due to enrollment shifts or program changes. Extracurricular or supplemental duty assignments may be reassigned at any time unless an extracurricular or supplemental duty assignment is part of a dual-assignment contract. Employees who object to a reassignment may follow the district process for employee complaints as outlined in this handbook and district policy DGBA (Local).

An employee with the required qualifications for a position may request a transfer to another campus or department. A written request for transfer must be completed and signed by the employee and the employee's supervisor. A teacher requesting a transfer to another campus before the school year begins must submit his or her request 45 days before the beginning of the new school year. Requests for transfer during the school year will be considered only when the change will not adversely affect students and after a replacement has been found. All transfer requests will be coordinated by the Central Administration Office and must be approved by the receiving supervisor.

Workload and Work Schedules

Policies DEA, DK, DL

Professional Employees. Professional employees and academic administrators are exempt from overtime pay and are employed on a 10-, 11-, or 12-month basis, according to the work schedules set by the district. A school calendar is adopted each year designating the work schedule for teachers and all school holidays. Notice of work schedules including start and end dates and scheduled holidays will be distributed each school year.

Classroom teachers will have planning periods for instructional preparation including conferences. The schedule of planning periods is set at the campus level but must provide at least 450 minutes within each two-week period in blocks not less than 45 minutes within the instructional day. Teachers and librarians are entitled to a duty-free lunch period of at least 30 minutes. The district may require teachers to supervise students during lunch one day a week when no other personnel are available.

11-month contract employees for the Comanche County Sp. Ed. Coop (SSA) are employed for 202 days. The beginning and ending dates will be determined by the Coop Director working in concert with the Coop Management Board and member school calendars. Any comp days will be aligned with the DISD calendar.

11-month DISD contract employees are employed for 207 days. Work begins 2 weeks before the first days of 10 month contract employees and continues through June until 207 days have been worked.

12-month contract employees are employed 226 days. 12 month contracts begin on July 1 and are not completed all 226 days have been worked. 12-month contract individuals do not receive comp days. The number of vacation days for a 12-month person depends on the number of days taken during the school year. 12-month individuals do not get a paid vacation, nor paid holidays.

Non-Exempt Employees. Aids are employed for 187 days and receive no paid holidays. Aids are paid for 7.5 hours daily/37.5 hours per week, with a 30-minute non-paid duty-free lunch during the day.

Notification to Parents Regarding Qualifications

Policies DK, DBA

In schools receiving Title I funds, the district is required by the Every Student Succeeds Act (ESSA) to notify parents at the beginning of each school year that they may request information regarding the professional qualifications of their child's teacher. NCLB also requires that parents

be notified if their child has been assigned or taught for four or more consecutive weeks by a teacher who is not highly qualified.

Texas law requires that parents be notified if their child is assigned for more than 30 consecutive instructional days to a teacher who does not hold an appropriate teaching certificate.

Inappropriately certified or uncertified teachers include individuals on an emergency permit (including individuals waiting to take a certification exam) and individuals who do not hold any certificate or permit. Information relating to teacher certification will be made available to the public upon request. Employees who have questions about their certification status can call the Administration office.

Outside Employment and Tutoring

Policy DBD

Employees are required to disclose in writing to their immediate supervisor any outside employment that may create a potential conflict of interest with their assigned duties and responsibilities or the best interest of the district. Supervisors will consider outside employment on a case-by-case basis and determine whether it should be prohibited because of a conflict of interest.

Performance Evaluation

Policy DN series

Evaluation of an employee's job performance is a continuous process that focuses on improvement. Performance evaluation is based on an employee's assigned job duties and other job-related criteria. All employees will participate in the evaluation process with their assigned supervisor at least annually. Written evaluations will be completed on forms approved by the district. Reports, correspondence, and memoranda also can be used to document performance information. All employees will receive a copy of their written evaluation, participate in a performance conference with their supervisor, and have the opportunity to respond to the evaluation.

Employee Involvement

Policies BQA, BQB

At both the campus and district levels, De Leon ISD offers opportunities for input in matters that affect employees and influence the instructional effectiveness of the district. As part of the district's planning and decision-making process, employees are elected to serve on district- or campus-level advisory committees. Plans and detailed information about the shared decision-making process are available in each campus office or from the Central Administration Office.

Staff Development

Policy DMA

Staff development activities are organized to meet the needs of employees and the district. Staff development for instructional personnel is predominantly campus-based, related to achieving campus performance objectives, addressed in the campus improvement plan, and approved by a campus-level advisory committee. Staff development for noninstructional personnel is designed

to meet specific licensing requirements (e.g., bus drivers) and continued employee skill development.

Individuals holding renewable SBEC certificates are responsible for obtaining the required training hours and maintaining appropriate documentation.

Compensation and Benefits

Salaries, Wages, and Stipends

Policies DEA, DEAA, DEAB

Employees are paid in accordance with administrative guidelines and an established pay structure. The district's pay plans are reviewed by the administration each year and adjusted as needed. All district positions are classified as exempt or nonexempt according to federal law. Professional employees and academic administrators are generally classified as exempt and are paid monthly salaries. They are not entitled to overtime compensation. Other employees are generally classified as non-exempt and are paid an hourly wage or salary and receive compensatory time or overtime pay for each hour worked beyond 40 in a workweek. (See *Overtime Compensation*).

All employees will receive written notice of their pay and work schedules before the start of each school year. Classroom teachers, full-time librarians, full-time nurses, and full-time counselors will be paid no less than the minimum state salary schedule. Contract employees who perform extracurricular or supplemental duties may be paid a stipend in addition to their salary according to the district's extra-duty pay schedule.

Employees should contact the payroll department for more information about the district's pay schedules or their own pay.

Paychecks

All professional and salaried employees are paid monthly. Paychecks will not be released to any person other than the district employee named on the check without the employee's written authorization.

An employee's payroll statement contains detailed information including deductions, withholding information, and the amount of leave accumulated.

The schedule of pay dates for the 2017-2018 school year follows:

Paychecks will be deposited into your bank account on the 25th of every month.

Any extra duty/time sheets must be turned into the business office by the 5th day of the following month.

Any employee absences must be entered by the 5th day of the the following month.

Payroll Deductions

Policy CFEA

The district is required to make the following automatic payroll deductions:

- Teacher Retirement System of Texas (TRS) or Social Security employee contributions
- Federal income tax required for all full-time employees
- Medicare tax (applicable only to employees hired after March 31, 1986)

Other payroll deductions employees may elect include deductions for the employee's share of premiums for health, dental, life, and vision insurance; annuities; and higher education savings plans. Employees also may request payroll deduction for payment of membership dues to

professional organizations. Salary deductions are automatically made for unauthorized or unpaid leave.

Overtime Compensation

Policy DEA

The district compensates overtime for nonexempt employees in accordance with federal wage and hour laws. Only nonexempt employees (hourly employees and paraprofessional employees) are entitled to overtime compensation. Nonexempt employees are not authorized to work beyond their normal work schedule without advance approval from their supervisor.

Overtime is legally defined as all hours worked in excess of 40 hours in a workweek and is not measured by the day or by the employee's regular work schedule. Nonexempt employees that are paid on a salary basis are paid for a 40-hour workweek and do not earn additional pay unless they work more than 40 hours.

Employees may be compensated for overtime at time-and-a-half rate with compensatory time off (comp time) or direct pay if pre-approved. The following applies to all nonexempt employees:

- Employees can accumulate up to 60 hours of comp time with pre-approval of supervisor in writing.
- Comp time must be used in the duty year that it is earned.
- Use of comp time may be at the employee's request with supervisor approval, as workload permits, or at the supervisor's direction.
- An employee may be required to use comp time before using available paid leave (e.g., sick, personal, vacation).
- Weekly time records will be maintained on all nonexempt employees for the purpose of wage and salary administration.

Travel Expense Reimbursement

Policy DEE

Before any travel expenses are incurred by an employee, the employee's supervisor and Superintendent must give approval. For approved travel, employees will be reimbursed for mileage and other travel expenditures according to the current rate schedule established by the district. Employees must submit receipts, to the extent possible, to be reimbursed for expenses other than mileage.

Health, Dental, and Life Insurance

Policy CRD

Group health insurance coverage is provided through TRS-ActiveCare, the statewide public school employee health insurance program. The district's contribution to employee insurance premiums is determined annually by the board of trustees. Employees eligible for health insurance coverage include the following:

- Employees who are active, contributing TRS members
- Employees who are not contributing TRS members and who are regularly scheduled to work at least 10 hours per week

TRS retirees who are enrolled in TRS-Care (retiree health insurance program) and employees who are not contributing TRS members who are regularly scheduled to work less than 10 hours per week, are not eligible to participate in TRS-ActiveCare.

The insurance plan year is from September 1 through August 31. Current employees can make changes in their insurance coverage during open enrollment each spring. Detailed descriptions of insurance coverage, employee cost, and eligibility requirements are provided to all employees in a separate booklet. Employees should contact Central Office for more information.

Cafeteria Plan Benefits (Section 125)

Employees may be eligible to participate in the Cafeteria Plan (Section 125) and, under IRS regulations, must either accept or reject this benefit. This plan enables eligible employees to pay certain insurance premiums on a pretax basis (i.e., disability, accidental death and dismemberment, cancer and dread disease, dental, and additional term life insurance). A third-party administrator handles employee claims made on these accounts.

New employees must accept or reject this benefit during their first month of employment. All employees must accept or reject this benefit on an annual basis and during the specified time period.

Workers' Compensation Insurance

Policy CRE

The district, in accordance with state law, provides workers' compensation benefits to employees who suffer a work-related illness or are injured on the job. The district has workers' compensation coverage.

Benefits help pay for medical treatment and make up for part of the income lost while recovering. Specific benefits are prescribed by law depending on the circumstances of each case.

All work-related accidents or injuries should be reported immediately to the appropriate supervisor. Employees who are unable to work because of a work-related injury will be notified of their rights and responsibilities under the Texas Labor Code. See *Workers' Compensation Benefits*, for information on use of paid leave for such absences.

Unemployment Compensation Insurance

Policy CRF

Employees who have been laid off or terminated through no fault of their own may be eligible for unemployment compensation benefits. Employees are not eligible to collect unemployment benefits during regularly scheduled breaks in the school year or the summer months if they have employment contracts or reasonable assurance of returning to service. Employees with questions about unemployment benefits should contact Central Office.

Teacher Retirement

All personnel employed on a regular basis for at least four and one-half months are members of the Teacher Retirement System of Texas (TRS). Substitutes not receiving TRS service retirement benefits who work at least 90 days a year are also eligible for TRS membership and to purchase a

year of creditable service. TRS provides members with an annual statement of their account showing all deposits and the total account balance for the year ending August 31, as well as an estimate of their retirement benefits.

Employees who plan to retire under TRS should notify Central Office as soon as possible. Information on the application procedures for TRS benefits is available from TRS at Teacher Retirement System of Texas, 1000 Red River Street, Austin, TX 78701-2698, or call 800-223-8778 or 512-542-6400. TRS information is also available on the web (www.trs.state.tx.us). See information on restrictions of employment of retirees in Texas public schools.

Leaves and Absences

Policies DEC, DECA, DECB

The district offers employees paid and unpaid leaves of absence in times of personal need. This handbook describes the basic types of leave available and restrictions on leaves of absence. Employees who expect to be absent for an extended period of more than five days should call Central Office for information about applicable leave benefits, payment of insurance premiums, and requirements for communicating with the district.

Leave must be used in half-day increments. However, if an employee is taking intermittent family and medical leave, leave shall be recorded in one-hour increments. Earned comp time must be used before any available paid state and local leave. Unless an employee requests a different order, available paid state and local leave will be used in the following order:

- Compensatory time
- Local Leave
- State Sick
- State Personal

Employees must follow district and department or campus procedures to report or request any leave of absence and complete the appropriate form or certification.

Medical Certification. Any employee who is absent more than 3 days because of a personal or family illness must submit a medical certification from a qualified health care provider confirming the specific dates of the illness, the reason for the illness, and—in the case of personal illness—the employee’s fitness to return to work.

The Genetic Information Nondiscrimination Act of 2008 (GINA) prohibits covered employers from requesting or requiring genetic information of an individual or family member of the individual, except as specifically allowed by this law. To comply with this law, we ask that employees and health care providers do not provide any genetic information in any medical certification. ‘Genetic information,’ as defined by GINA, includes an individual’s family medical history, the results of an individual’s or family member’s genetic tests, the fact that an individual or an individual’s family member sought or received genetic services, and genetic information of a fetus carried by an individual or an individual’s family member or an embryo lawfully held by an individual or family member receiving assistive reproductive services.

Continuation of Health Insurance. Employees on an approved leave of absence other than family and medical leave may continue their insurance benefits at their own expense. Health insurance benefits for employees on paid leave and leave designated under the Family and Medical Leave Act will be paid by the district as they were prior to the leave. Otherwise, the district does not pay any portion of insurance premiums for employees who are on unpaid leave. Under TRS-Active Care rules, an employee is no longer eligible for insurance through the district after six months of unpaid leave other than FML. If an employee’s unpaid leave extends for more than six months, the district will provide the employee with notice of COBRA rights.

Personal Leave

State law entitles all employees to five days of paid personal leave per year. Personal leave is available for use at the beginning of the year. A day of earned personal leave is equivalent to the

number of hours per day in an employee’s usual assignment, whether full-time or part-time. State personal leave accumulates without limit, is transferable to other Texas school districts, and generally transfers to education service centers. Personal leave may be used for two general purposes: nondiscretionary and discretionary.

Nondiscretionary. Leave taken for personal or family illness, family emergency, a death in the family, or active military service is considered nondiscretionary leave. Reasons for this type of leave allow very little, if any, advance planning. Nondiscretionary may be used in the same manner as state sick leave.

Discretionary. Leave taken at an employee’s discretion that can be scheduled in advance is considered discretionary leave. An employee wishing to take discretionary personal leave must submit a request to his or her principal or supervisor 3 days in advance of the anticipated absence. The effect of the employee’s absence on the educational program or department operations, as well as the availability of substitutes, will be considered by the principal or supervisor.

Leave Proration. If an employee separates from employment with the district before his or her last duty day of the year, or begins employment after the first duty day, state personal leave will be prorated based on the actual time employed. When an employee separates from employment before the last duty day of the school year, the employee’s final paycheck will be reduced by the amount of state personal leave the employee used beyond his or her pro rata entitlement for the school year.

State Sick Leave

State sick leave accumulated before 1995 is available for use and may be transferred to other school districts in Texas. State sick leave can be used only in full-day increments, except when coordinated with family and medical leave taken on an intermittent or reduced-schedule basis or when coordinated with workers’ compensation benefits.

State sick leave may be used for the following reasons only:

- Employee illness
- Illness in the employee’s immediate family
- Family emergency (i.e., natural disasters or life-threatening situations)
- Death in the immediate family
- Active military service

Local Leave

Staff Attendance Incentive

To encourage good attendance for all employees, the district provides a staff attendance incentive for all unused local sick days for all employees. This incentive is paid in the July payroll check and is calculated by the Payroll Department.

The incentive is as follows:

Professional Staff	\$50.00 per day -- \$250 maximum
Auxillary Staff	\$30.00 per day -- \$90 maximum
Route Bus Drivers	\$15.00 per day -- \$45 maximum

The district offers employees paid and unpaid leave of absence in times of personal need. This handbook describes the basic types of leave available and restrictions on leaves of absence. Employees who expect to be absent for an extended period of more than 5 days should call Human Resources for information about applicable leave benefits, payment of insurance premiums, and requirements for communicating with the district.

Use of Leave. Leave is available for the employee's use immediately. However, state personal and local leave is earned at a rate of one-half a workday for each 18 workdays of employment, up to the statutory maximum of 3 leave days annually. If an employee leaves the district before the end of the work year, the cost of any unearned leave days taken shall be deducted from the employee's final paycheck.

Catastrophic Sick Leave Bank (or Pool)

Once an employee exhausts all of his/her personal/sick days, the employee may contact the business office about the availability of catastrophic leave. A catastrophic illness or injury is a severe condition or combination of conditions affecting the mental or physical health of the employee or member of the employee's immediate family that requires the services of a licensed practitioner for a prolonged period of time and that forces the employee to exhaust all leave time earned by that employee and to lose compensation from the District. Complications resulting from pregnancy shall be treated the same as any other condition.

Family and Medical Leave Act (FMLA)—General Provisions

The following text is from the federal notice, *Employee Rights and Responsibilities Under the Family and Medical Leave Act*. Specific information that the district has adopted to implement the FMLA follows this general notice.

Basic Leave Entitlement. The FMLA requires covered employers to provide up to 12 weeks of unpaid, job-protected leave to eligible employees for the following reasons:

- For incapacity due to pregnancy, prenatal medical care or child birth;
- To care for the employee's child after birth, or placement for adoption or foster care;
- To care for the employee's spouse, son or daughter, or parent, who has a serious health condition; or
- For a serious health condition that makes the employee unable to perform the employee's job.

Military Family Leave Entitlements. An eligible employee whose spouse, son, daughter or parent is on covered active duty or called to covered active duty status may use his or her 12-week leave entitlement to address certain qualifying exigencies. Qualifying exigencies may include attending certain military events, arranging for alternative childcare, addressing certain financial and legal arrangements, attending certain counseling sessions, and attending post-deployment reintegration briefings.

FMLA also includes a special leave entitlement that permits eligible employees to take up to 26 weeks of leave to care for a covered servicemember during a single 12-month period. A covered servicemember is (1) a current member of the Armed Forces, including a member of the National Guard or Reserves, who is undergoing medical treatment, recuperation, or therapy, is otherwise in outpatient status, or is otherwise on the temporary disability retired list, for a serious injury or

illness*; or (2) a veteran who was discharged or released under conditions other than dishonorable at any time during the five-year period prior to the first date the eligible employee takes FMLA leave to care for the covered veteran, and who is undergoing medical treatment, recuperation, or therapy for a serious injury or illness.*

***The FMLA definitions of “serious injury or illness” for current servicemembers and veterans are distinct from the FMLA definition of “serious health condition”.**

Benefits and Protections. During FML, the employer must maintain the employee’s health coverage under any “group health plan” on the same terms as if the employee had continued to work. Upon return from FML, most employees must be restored to their original or equivalent positions with equivalent pay, benefits, and other employment terms.

Use of FML cannot result in the loss of any employment benefit that accrued prior to the start of an employee’s leave.

Eligibility Requirements. Employees are eligible if they have worked for a covered employer for at least one year, for 1,250 hours over the previous 12 months*, and if at least 50 employees are employed by the employer within 75 miles.

*Special hours of service eligibility requirements apply to airline flight crew employees.

Definition of Serious Health Condition. A serious health condition is an illness, injury, impairment, or physical or mental condition that involves either an overnight stay in a medical care facility, or continuing treatment by a health care provider for a condition that either prevents the employee from performing the functions of the employee’s job, or prevents the qualified family member from participating in school or other daily activities.

Subject to certain conditions, the continuing treatment requirement may be met by a period of incapacity of more than 3 consecutive calendar days combined with at least two visits to a health care provider or one visit and a regimen of continuing treatment, or incapacity due to pregnancy, or incapacity due to a chronic condition. Other conditions may meet the definition of continuing treatment.

Use of Leave. An employee does not need to use this leave entitlement in one block. Leave can be taken intermittently or on a reduced leave schedule when medically necessary. Employees must make reasonable efforts to schedule leave for planned medical treatment so as not to unduly disrupt the employer’s operations. Leave due to qualifying exigencies may also be taken on an intermittent basis.

Substitution of Paid Leave for Unpaid Leave. Employees may choose or employers may require use of accrued paid leave while taking FML. In order to use paid leave for FML, employees must comply with the district’s normal paid leave policies.

Employee Responsibilities. Employees must provide 30 days advance notice of the need to take FML-when the need is foreseeable. When 30 days notice is not possible, the employee must provide notice as soon as practicable and generally must comply with an employer’s normal call-in procedures.

Employees must provide sufficient information for the employer to determine if the leave may qualify for FMLA protection and the anticipated timing and duration of the leave. Sufficient information may include that the employee is unable to perform job functions, the family member is unable to perform daily activities, the need for hospitalization or continuing treatment

by a health care provider, or circumstances supporting the need for military family leave. Employees also must inform the employer if the requested leave is for a reason for which FMLA was previously taken or certified. Employees also may be required to provide a certification and periodic recertification supporting the need for leave.

Employer Responsibilities. Covered employers must inform employees requesting leave whether they are eligible under the FMLA. If they are eligible, the notice must specify any additional information required as well as the employees' rights and responsibilities. If they are not eligible, the employer must provide a reason for the ineligibility.

Covered employers must inform employees if leave will be designated as FMLA and the amount of leave counted against the employee's leave entitlement. If the employer determines that the leave is not FMLA, the employer must notify the employee.

Unlawful Acts by Employers. The FMLA makes it unlawful for any employer to: interfere with, restrain, or deny the exercise of any right protected under the FMLA; discharge or discriminate against any person for opposing any practice made unlawful by the FMLA or for involvement in any proceeding under or relating to the FMLA.

Enforcement. An employee may file a complaint with the U.S. Department of Labor or may bring a private lawsuit against an employer.

The FMLA does not affect any Federal or State law prohibiting discrimination or supersede any state or local law or collective bargaining agreement which provides greater family or medical leave rights.

FMLA section 109 (29 U.S.C. § 2619) requires FMLA covered employers to post the text of this notice. Regulations 29 C.F.R. § 825.300 (a) may require additional disclosures.

Local Family and Medical Leave Provisions

Eligible employees can take up to 12 weeks of unpaid leave in the 12-month period beginning on the first duty day of the school year.

Use of Paid Leave. FMLA runs concurrently with accrued sick and personal leave, temporary disability leave, compensatory time, assault leave, and absences due to a work-related illness or injury. The district will designate the leave as FMLA, if applicable, and notify the employee that accumulated leave will run concurrently.

Combined Leave for Spouses. A husband and wife who are both employed by the district are limited to a combined total of 12 weeks of FMLA to care for a parent with a serious health condition; or for the birth, adoption, or foster placement of a child. Military caregiver leave for spouses is limited to a combined total of 26 weeks.

Intermittent Leave. When medically necessary or in the case of a qualifying exigency, an employee may take leave intermittently or on a reduced schedule. The district does not permit the use of intermittent or reduced-schedule leave for the care of a newborn child or for adoption or placement of a child with the employee.

District Contact. Employees that require FML or have questions should contact Lou Ann Gifford for details on eligibility, requirements, and limitations.

Temporary Disability Leave

Certified Employees. Any full-time employee whose position requires certification from the State Board for Educator Certification (SBEC) is eligible for temporary disability leave. The purpose of temporary disability leave is to provide job protection to full-time educators who cannot work for an extended period of time because of a mental or physical disability of a temporary nature. Temporary disability leave must be taken as a continuous block of time. It may not be taken intermittently or on a reduced schedule. Pregnancy and conditions related to pregnancy are treated the same as any other temporary disability.

Employees must request approval for temporary disability leave. An employee's notification of need for extended absence due to the employee's own medical condition shall be accepted as a request for temporary disability leave. The request must be accompanied by a physician's statement confirming the employee's inability to work and estimating a probable date of return. If disability leave is approved, the length of leave is no longer than 180 calendar days.

If an employee is placed on temporary disability leave involuntarily, he or she has the right to request a hearing before the board of trustees. The employee may protest the action and present additional evidence of fitness to work.

When an employee is ready to return to work Human Resources should be notified at least 30 days in advance. The return-to-work notice must be accompanied by a physician's statement confirming that the employee is able to resume regular duties. Certified employees returning from leave will be reinstated to the school to which they were previously assigned if an appropriate position is available. If an appropriate position is not available, the employee may be assigned to another campus, subject to the approval of the campus principal. If a position is not available before the end of the school year, the employee will be reinstated to a position at the original campus at the beginning of the following school year.

Workers' Compensation Benefits

An employee absent from duty because of a job-related illness or injury may be eligible for workers' compensation weekly income benefits if the absence exceeds seven calendar days.

An employee receiving workers' compensation wage benefits for a job-related illness or injury may choose to use accumulated sick leave or any other paid leave benefits. An employee choosing to use paid leave will not receive workers' compensation weekly income benefits until all paid leave is exhausted or to the extent that paid leave does not equal the pre-illness or -injury wage. If the use of paid leave is not elected, then the employee will only receive workers' compensation wage benefits for any absence resulting from a work-related illness or injury, which may not equal his or her pre-illness or -injury wage.

Assault Leave

Assault leave provides extended job income and benefits protection to an employee who is injured as the result of a physical assault suffered during the performance of his or her job. An

injury is treated as an assault if the person causing the injury could be prosecuted for assault or could not be prosecuted only because that person's age or mental capacity renders the person nonresponsible for purposes of criminal liability.

An employee who is physically assaulted at work may take all the leave time medically necessary (up to two years) to recover from the physical injuries he or she sustained. At the request of an employee, the district will immediately assign the employee to assault leave. Days of leave granted under the assault leave provision will not be deducted from accrued personal leave and must be coordinated with workers' compensation benefits. Upon investigation the district may change the assault leave status and charge leave used against the employee's accrued paid leave. The employee's pay will be deducted if accrued paid leave is not available.

Jury Duty/Other Court Appearances

Employees will be paid while on leave to comply with a valid subpoena to appear in a civil, criminal, legislative, or administrative proceeding and will not be required to use personal leave. Employees may be required to submit documentation of their need for leave for court appearances.

Military Leave

Paid Leave for Military Service. Any employee who is a member of the Texas National Guard, Texas State Guard, reserve component of the United States Armed Forces, or a member of a state or federally authorized Urban Search and Rescue Team is entitled to paid leave for authorized training or duty orders. Paid military leave is limited to 15 days each fiscal year. In addition, an employee is entitled to use available state and local personal or sick leave during a time of active military service.

Reemployment after Military Leave. Employees who leave the district to enter into the United States uniformed services or who are ordered to active duty as a member of the military force of any state (e.g., National or State Guard) may return to employment if they are honorably discharged. Employees who wish to return to the district will be reemployed provided they can be qualified to perform the required duties. To be eligible for reemployment, employees must provide notice of their obligation or intent to perform military service, provide evidence of honorable discharge or release, and submit an application for reemployment within the time specified by law to Human Resources. In most cases, the length of federal military service cannot exceed five years.

Continuation of Health Insurance. Employees who perform service in the uniformed services may elect to continue their health plan coverage at their own cost for a period not to exceed 24 months. Employees should contact Human Resources for details on eligibility, requirements, and limitations.

Employee Relations and Communications

Employee Recognition and Appreciation

Continuous efforts are made throughout the year to recognize employees who make an extra effort to contribute to the success of the district. Employees are recognized at board meetings, in the district newsletter, and through special events and activities.

Complaints and Grievances

Policy DGBA

In an effort to hear and resolve employee concerns or complaints in a timely manner and at the lowest administrative level possible, the board has adopted an orderly grievance process. Employees are encouraged to discuss their concerns or complaints with their supervisors or an appropriate administrator at any time.

The formal process provides all employees with an opportunity to be heard up to the highest level of management if they are dissatisfied with an administrative response. Once all administrative procedures are exhausted, employees can bring concerns or complaints to the board of trustees. For ease of reference, the district's policy concerning the process of bringing concerns and complaints is reprinted as follows:

Discrimination, Harassment, and Retaliation

Policies DH, DIA

Employees shall not engage in prohibited harassment, including sexual harassment, of other employees or students. While acting in the course of their employment, employees shall not engage in prohibited harassment of other persons including board members, vendors, contractors, volunteers, or parents. A substantiated charge of harassment will result in disciplinary action.

Employees who believe they have been discriminated or retaliated against or harassed are encouraged to promptly report such incidents to the campus principal, supervisor, or appropriate district official. If the campus principal, supervisor, or district official is the subject of a complaint, the employee should report the complaint directly to the superintendent. A complaint against the superintendent may be made directly to the board.

The district's policy that includes definitions and procedures for reporting and investigating discrimination, harassment, and retaliation is reprinted below:

www.deleonisd.net

Harassment of Students

Policies DF, DH, FFG, FFH

Sexual and other harassment of students by employees are forms of discrimination and are prohibited by law. Romantic or inappropriate social relationships between students and district employees are prohibited. Employees who suspect a student may have experienced prohibited harassment are obligated to report their concerns to the campus principal or other appropriate district official. All allegations of prohibited harassment of a student by an employee or adult will be reported to the student's parents and promptly investigated. An employee who knows of or suspects child abuse must also report his or her knowledge or suspicion to the appropriate authorities, as required by law. See *Reporting Suspected Child Abuse*, page and *Bullying*, for additional information.

The district's policy that includes definitions and procedures for reporting and investigating harassment of students is reprinted below:

For definition of a romantic relationship see DISD Policy On Line *DF (Legal)* and text of *FFH (Local)*.

Reporting Suspected Child Abuse

Policies DF, DG, DH, FFG, GRA

All employees are required by state law to report any suspected child abuse or neglect to a law enforcement agency, Child Protective Services, or appropriate state agency (e.g., state agency operating, licensing, certifying, or registering a facility) within 48 hours of the event that led to the suspicion. Abuse is defined by SBEC and includes the following acts or omissions:

- Mental or emotional injury to a student or minor that results in an observable and material impairment in the student's or minor's development, learning, or psychological functioning;
- Causing or permitting a student or minor to be in a situation in which the student or minor sustains a mental or emotional injury that results in an observable and material impairment in the student's or minor's development, learning, or psychological functioning;
- Physical injury that results in substantial harm to a student or minor, or the genuine threat of substantial harm from physical injury to the student or minor, including an injury that is at variance with the history or explanation given and excluding an accident or reasonable discipline; or
- Sexual conduct harmful to a student's or minor's mental, emotional, or physical welfare.

Employees are also required to make a report if they have cause to believe that an adult was a victim of abuse or neglect as a child and they determine in good faith that the disclosure of the information is necessary to protect the health and safety of another child or disabled person.

Reports to Child Protective Services can be made to any local or state law enforcement agency or to the Texas Abuse Hotline (800-252-5400). State law specifies that an employee may not delegate to or rely on another person or administrator to make the report.

Under state law, any person reporting or assisting in the investigation of reported child abuse or neglect is immune from liability unless the report is made in bad faith or with malicious intent. In addition, the district is prohibited from retaliating against an employee who, in good faith, reports child abuse or neglect or who participates in an investigation regarding an allegation of child abuse or neglect.

An employee's failure to report suspected child abuse may result in prosecution as a Class A misdemeanor. In addition, a certified employee's failure to report suspected child abuse may result in disciplinary procedures by SBEC for a violation of the Texas Educators' Code of Ethics.

Employees who suspect that a student has been or may be abused or neglected should also report their concerns to the campus principal. This includes students with disabilities who are no longer minors. Employees are not required to report their concern to the principal before making a report to the appropriate agency.

Reporting the concern to the principal does not relieve the employee of the requirement to report it to the appropriate state agency. In addition, employees must cooperate with investigators of child abuse and neglect. Interference with a child abuse investigation by denying an interviewer's request to interview a student at school or requiring the presence of a parent or school administrator against the desires of the duly authorized investigator is prohibited.

Sexual Abuse and Maltreatment of Children

The district has established a plan for addressing sexual abuse and other maltreatment of children, which may be accessed at

<http://www.tasb.org/policy/pol/private/047902/pol.cfm?DisplayPage=ffg%29.pdf&QueryText=REPORTING%20ABUSE>.

As an employee, it is important for you to be aware of warning signs that could indicate a child may have been or is being sexually abused or maltreated. Sexual abuse in the Texas Family Code is defined as any sexual conduct harmful to a child's mental, emotional, or physical welfare as well as a failure to make a reasonable effort to prevent sexual conduct with a child. Maltreatment is defined as abuse or neglect. Anyone who suspects that a child has been or may be abused or neglected has a legal responsibility under state law for reporting the suspected abuse or neglect to law enforcement or to Child Protective Services (CPS).

Employees are required to follow the procedures described above in *Reporting Suspected Child Abuse*.

Technology Resources

Policy CQ

The district's technology resources, including its networks, e-mail accounts, devices connected to its networks, and all district-owned devices used on or off school property, are primarily for administrative and instructional purposes. Limited personal use is permitted if the use:

- Imposes no tangible cost to the district.
- Does not unduly burden the district's computer or network resources
- Has no adverse effect on job performance or on a student's academic performance

Electronic mail transmissions and other use of the technology resources are not confidential and can be monitored at any time to ensure appropriate use.

Employees are required to abide by the provisions of the acceptable use agreement and administrative procedures. Failure to do so can result in suspension of access or termination of privileges and may lead to disciplinary action. Employees with questions about computer use and data management can contact the DISD Technology Department.

Personal Use of Electronic Media

Policy DH

Electronic media includes all forms of social media, such as text messaging, instant messaging, electronic mail (e-mail), web logs (blogs), electronic forums (chat rooms), video-sharing websites (e.g., YouTube), editorial comments posted on the Internet, and social network sites (e.g., Facebook, MySpace, Twitter, LinkedIn). Electronic media also includes all forms of telecommunication such as landlines, cell phones, and web-based applications.

As role models for the district's students, employees are responsible for their public conduct even when they are not acting as district employees. Employees will be held to the same professional standards in their public use of electronic media as they are for any other public conduct. If an employee's use of electronic media interferes with the employee's ability to

effectively perform his or her job duties, the employee is subject to disciplinary action, up to and including termination of employment. If an employee wishes to use a social network site or similar media for personal purposes, the employee is responsible for the content on the employee's page, including content added by the employee, the employee's friends, or members of the public who can access the employee's page, and for web links on the employee's page. The employee is also responsible for maintaining privacy settings appropriate to the content.

An employee who uses electronic media for personal purposes shall observe the following:

- The employee may not set up or update the employee's personal social network page(s) using the district's computers, network, or equipment.
- The employee shall not use the district's logo or other copyrighted material of the district without express, written consent.
- The employee continues to be subject to applicable state and federal laws, local policies, administrative regulations, and the Code of Ethics and Standard Practices for Texas Educators, even when communicating regarding personal and private matters, regardless of whether the employee is using private or public equipment, on or off campus. These restrictions include:
 - Confidentiality of student records. [See Policy FL]
 - Confidentiality of health or personnel information concerning colleagues, unless disclosure serves lawful professional purposes or is required by law. [See Policy DH (EXHIBIT)]
 - Confidentiality of district records, including educator evaluations and private e-mail addresses. [See Policy GBA]
 - Copyright law [See Policy CY]
 - Prohibition against harming others by knowingly making false statements about a colleague or the school system. [See Policy DH (EXHIBIT)]

The employee must comply with the provisions outlined below. All other employees are prohibited from communicating with students who are enrolled in the district through electronic media.

An employee is not subject to these provisions to the extent the employee has a social or family relationship with a student. For example, an employee may have a relationship with a niece or nephew, a student who is the child of an adult friend, a student who is a friend of the employee's child, or a member or participant in the same civic, social, recreational, or religious organization.

The following definitions apply for the use of electronic media with students:

See *Personal Use of Electronic Media*, above. Unsolicited contact from a student through electronic means is not a *communication*.

The term includes classroom teachers, counselors, principals, librarians, paraprofessionals, nurses, educational diagnosticians, licensed therapists, and athletic trainers.

An employee who uses electronic media to communicate with students shall observe the following:

- The employee may use any form of electronic media **except** text messaging. An employee who communicates with a student using text messaging shall comply with the following protocol
- The employee shall include at least one of the student's parents or guardians as a recipient on each text message to the student so that the student and parent receive the same message;
- The employee shall include his or her immediate supervisor as a recipient on each text message to the student so that the student and supervisor receive the same message; or
- For each text message addressed to one or more students, the employee shall send a copy of the text message to the employee's district e-mail address.
- The employee shall limit communications to matters within the scope of the employee’s professional responsibilities (e.g., for classroom teachers, matters relating to class work, homework, and tests; for an employee with an extracurricular duty, matters relating to the extracurricular activity).

- Upon request from administration, an employee will provide the phone number(s), social network site(s), or other information regarding the method(s) of electronic media the employee uses to communicate with any one or more currently-enrolled students.
- Upon written request from a parent or student, the employee shall discontinue communicating with the student through e-mail, text messaging, instant messaging, or any other form of one-to-one communication.

An employee may request an exception from one or more of the limitations above by submitting a written request to his or her immediate supervisor.

Distance Learning Labs

Each campus has a distant learning lab for their use and staff trained in its operation. The use of the district's distance learning labs is encouraged. Please see the ESC XIV website for additional information on various opportunities for activities that will enrich and benefit students. It is necessary to schedule the use of the distance learning equipment in a timely manner. The equipment is used on a regular basis for various activities, including a college course, so scheduling its use is a priority. Please make sure that you have emailed all contacts including the technology person responsible and building principals when the use of the equipment is needed.

Email

Each employee will be provided an email address for the conducting of business related to the school district and instruction. District provided email addresses are not designed to be a person's sole email address, but rather, it is the address to be used as individuals serve in their capacity as a district employee. Emails that are received or sent that are superfluous in nature are prohibited. Emails that are received on school computers and/or utilizing the school's provided email address are subject to the Texas Open Records Act. These emails are not considered personal or confidential and can be requested by anyone for any reason, such as an angry spouse that is going through a bitter divorce who is looking for any dirt he/she can. So to protect yourself and the district, use email, but use it for district business. You are encouraged to secure a personal email address for your personal use.

Unless circumstances require individual attention, any employee who leaves the district will have their email account terminated following the receipt of their last Wage and Earnings statement issued by De Leon ISD.

Internet Usage

The district's electronic communications systems, including its network access to the Internet, is for administrative and instructional purposes.

Limited personal use of the system is permitted if the use:

- Imposes no tangible cost to the district
- Does not unduly burden the district's computer or network resources
- Has no adverse effect on job performance or on a student's academic performance.
- Occurs only after regular school hours.

Use of the Internet for entertainment purposes is prohibited. Employees may not use the Internet connection to listen to audio streaming for personal use. The demands on the bandwidth for the district has reached a level that such usage is now interfering with the overall performance of the network and the Internet connection of the district. The use of the Internet is not confidential and is monitored to ensure appropriate use. Use of the Internet may be restricted or denied based on the district's acceptable use policy.

Technology Requests and Repairs

All technology requests for assistance should be completed by submitting a help desk ticket through the Helpdesk section of Eduphoria.

Employees may not accept gifts or favors that could influence, or be construed to influence, the employee's discharge of assigned duties. The acceptance of a gift, favor, or service by an administrator or teacher that might reasonably tend to influence the selection of textbooks, electronic textbooks, instructional materials or technological equipment may result in prosecution of a Class B misdemeanor offense. This does not include staff development, teacher training, or instructional materials such as maps or worksheets that convey information to students or contribute to the learning process.

Copyrighted Materials

Policy EFE

Employees are expected to comply with the provisions of federal copyright law relating to the unauthorized use, reproduction, distribution, performance, or display of copyrighted materials (i.e., printed material, videos, computer data and programs, etc.). Authorized visitors will receive directions or be escorted to their destination. Employees who observe an unauthorized individual on the district premises should immediately direct him or her to the building office or contact the administrator in charge.

Asbestos Management Plan

Policy CKA

The district is committed to providing a safe environment for employees. An accredited management planner has developed an asbestos management plan for each school. A copy of the district's management plan is kept in the central administration office and is available for inspection during normal business hours.

Pest Control Treatment

Policies CLB, DI

Employees are prohibited from applying any pesticide or herbicide without appropriate training and prior approval of the integrated pest management (IPM) coordinator. Any application of pesticide or herbicide must be done in a manner prescribed by law and the district's integrated pest management program.

Notices of planned pest control treatment will be posted in a district building 48 hours before the treatment begins. Notices are generally located at campus offices. In addition, individual employees may request in writing to be notified of pesticide applications. An employee who requests individualized notice will be notified by telephone, written or electric means. Pest control information sheets are available from campus principals or facility managers upon request.

Discipline

Please make sure that you have reviewed the district's student code of conduct and are familiar with the various procedures of the district and your particular campus. Good discipline is the responsibility of each teacher. Students respond in a positive manner when they know what is expected of them and discipline used in the classroom and on the campus is done fairly and equitably.

Classroom Supervision

Teachers are not to leave their classroom unsupervised nor leave the classroom. Students are never to be left unsupervised. Making copies for class work should be done during conference time or before and after school. No teacher should be in another teacher's classroom just to visit during class time.

Conference Periods

Conference time/periods are to be used for parent or student conferences, or for individual and team planning. Teachers are not allowed to leave campus during their conference time without permission from their campus principal, and they must sign out in the office. Conference periods are considered contract time and should be used for such purposes. Teachers are provided with a duty free lunch are free to use that time as necessary for whatever purposes they may have or need.

Duty

All staff members are expected to report for duty as needed by their campus principals. Duty time is needed to insure that the district is a safe and secure environment in which students can learn.

Faculty Meetings

Faculty meetings are held on a periodic/scheduled basis by the campus principals for their respective campuses. Attendance at these meetings is required, unless the campus administrator has authorized a staff member's absence for either district or personal reasons.

FERPA-Family Educational Rights and Privacy Act

FERPA is the federal law that prohibits the dissemination of a student's record to anyone other than those parties who are entitled by having a parental relationship with a student. This means that a teacher can only discuss a student's progress with the student's parents or that person(s) who are acting as the student's parents and have the legal documentation to show such relationships. Do not release any information to any other parties, including grandparents or other relatives. If there is a custody issue with a child and one parent is not allowed access to information the campus principal will inform you of this situation.

Please note that divulging the educational records of a student to parties that are not entitled under federal law can cause an individual to become subject to an investigation from the Department of Education Office of Civil Rights complaint division. It is also an area in which the limited immunity that is provided under state law does not apply. This means that you can be held personally libel for violating this law. When in doubt, check with an administrator before releasing information about a student. This also applies to student discipline and any situations about particular students. Non-school people can talk, but school employees, under FERPA, are limited about speaking about such situations.

Field Trips and Parties

Teachers must obtain permission for field trips from their campus principal and must check the district calendar for availability. Upon approval, the teacher must fill out a bus request form to be sent to the central office, and a student permission form to be sent home with each student, unless a blanket permission form has been completed by the student's parent/guardian for the appropriate function. No field trips are permitted 5 school days prior to the end of a semester.

Food and Drink

Teachers are to eat lunch in the cafeteria or in the teachers lounge area. Students are not allowed to bring food or drink into the classrooms. Bottled water in the classroom is at the discretion of the campus administrator. Due to health and hygiene issues, teachers are not allowed to eat in their classrooms.

Fundraising

To provide the community with some degree from fundraising exhaustion, all school-based organizations are limited to one fundraiser per school year that involves the selling of any type of merchandise. Organizations are permitted to conduct a reasonable amount of service-based fundraisers, such as carwashes and garage sales during a school year. All fundraisers must be approved at both the campus level and the district level. All fundraisers are calendared on the district calendar with a limit of one fundraiser at a time. Funds raised by such endeavors are intended to provide enrichment activities for students and are not the primary source of funding for organizations. Items needed for the basic existence of a student activity are typically funded through the school's general budget. Sponsors conducting fundraising activities are strongly encouraged to follow the guidelines for depositing and requesting funds from their Activity Account as stated in other areas of this document.

Grades

A schedule is published at the beginning of the school year giving the dates for three weeks Progress Reports and when grades are due for Report Cards. Progress Reports will be printed for every teacher for every subject they teach for all students. Grades for Progress Reports must be submitted to the secretary at the time and on the date specified. Report card grades are downloaded to each campus office. Verification sheets are sent back to the teacher and are to be signed when everything is correct. Reports normally go out to the parents on Wednesdays. Adequate assessments (tests, quizzes, homework, and class work) should be given in each subject area so that any grade can be defended. The district utilizes a web based automated grade book system. This system allows parents to access their child's grades in real time. It is imperative for grades to be posted into the system in a timely manner. Do not allow grades to become backlogged and posted just prior to progress reports or report cards. It is hard to support a position if a parent knows only at the end of grading period there is a problem because grades have not been posted. Due to the regulations of the Family Educational Rights & Privacy Act (FERPA), students shall not grade each other's papers, nor call out grades verbally in class.

Homework

Adequate homework should be given for each subject when necessary, and the amount of time it takes to do the assignment should be based on the grade level of the student. It is important to understand that homework is designed to reinforce prior learning. It is not designed to introduce new concepts. Homework should allow for further reinforcement of what has already been mastered in the classroom. Homework should never be used as punishment. Homework should be appropriate for the age of the students.

Keys

It is imperative that all employees handle keys for all district facilities with great care. No keys should be loaned out to anyone for any exception. If keys are lost or misplaced they must be reported to an administrator immediately. Keys are to be out of sight of students and kept either on the person of an employee or in a secure location. Keys should not be left laying out where they can be lifted by a student or other person. Failure to secure keys will result in disciplinary action.

Leaving Campus During the Day

ALL employees must report to their respective office/supervisor when they will be leaving campus during the specified school day, except for a teacher's duty free lunch period. Teachers are not to arrange "cover" for their classes.

Lesson Plans

Lesson plans must be submitted to each respective campus office by 8:30 a.m. each Monday morning. The submission should be done electronically. If not possible a hard copy is acceptable. Modifications, GT, 504 and any other student needs should be clearly indicated as to the assignment, and/or lesson they will be doing. TEKS numbers should be next to each subject.

Library

Libraries are to be the central point of learning on each campus. The district is taking great effort to insure that each library is of high quality for all students. Please note that **STUDENTS ARE NOT TO BE SENT TO THE LIBRARY IN ORDER TO REMOVE THEM FROM THE CLASSROOM**. Libraries are not intended to be holding areas for students. Libraries are to be open and accessible for student use. A closed library is never acceptable.

Maintenance Request

All maintenance requests should be made via email to the following address:
maintenance@deleonisd.net

Do not put in a verbal request for work. All work is done via the email to establish priorities in getting work completed for the betterment of the district as a whole. If a teacher has a classroom maintenance need that they consider to be an emergency situation where the welfare of students is in serious jeopardy, that teacher should submit an email request and notify their building principal immediately so that the proper attention can be given to correct the problem. Teachers are discouraged from asking for maintenance assistance without following the steps as are listed.

Permanent Records

All records must remain in their respective campus offices. No permanent record should be removed from an office. All material items in these records must remain confidential. All student records are to remain in their appropriate file as required by federal law. All student records fall under the jurisdiction of FERPA.

Phone Calls and Cellular Telephones

Campus secretaries will not call teachers from class to receive a phone call nor interrupt classes by phone except in case of an emergency. If you have a sick child, or if you are expecting an important call from the doctor or etc., let the secretaries know that morning. For all other calls, a message will be taken and put in your mailbox. ALL CELL PHONES MUST BE TURNED OFF DURING ACADEMIC/CLASS TIME. DO NOT MAKE CALLS OR ACCEPT CALLS ON YOUR CELL PHONE DURING SCHOOL TIME. STAFF MEMBERS CAUGHT VIOLATING THIS ADMINISTRATIVE POLICY WILL BE DISCIPLINED AS APPROPRIATE. IF THERE IS A PERSONAL EMERGENCY THAT NEEDS TO BE ADDRESSED CONTACT THE APPROPRIATE SUPERVISOR FOR THAT ACCOMMODATION.

Professional Dress Code

To insure a high level of professionalism the following dress code is established for district employees. This dress code is the standard of the district for all employees, including substitute teachers, who work in a classroom or office setting at anytime during the normal hours of operation. All other employees will be provided the appropriate dress code by their supervisor. Any item not covered by a supervisor provided dress code should follow the items as appropriate.

- No blue or any other colored jeans (which includes capri length pants) on Monday through Thursday. Denim skirts, vests, and jackets are acceptable any day of the week. - Billfold chains or other like items that could pose a danger or distraction are not permitted.

The administration retains the right to make a final determination as to the appropriateness and professionalism of all attire.

Professionalism - Educator & Professional Etiquette

If we expect students to demonstrate behaviors that are positive and productive, then we as their teachers must be the examples for them to follow. We must also understand that our students are watching us at all times. Not just in our classrooms or at the school building, but wherever we might be, for we will always be considered "their teacher".

Professional Etiquette is to the professional world what gasoline is to automobile.

- It powers relationships.
- It drives cooperation.
- It fuels communication.
- Business protocol also smoothes out the rough spots on our highway to success.
- Graciousness overcomes growling.
- Encouragement diminishes insults.
- Kindness replaces crudeness.
- Growth challenges groans.

What most employees only glance over during their first week on the job is actually the silent engine of the organization. If you haven't reviewed our organization's protocols -a guideline describing correct etiquette and procedures -now's the time. Not only are these protocols internally powerful, they are equally powerful in business-to-business, community and employee relationships. Remember, our organization's image is based on those representing it. People never intentionally exhibit poor etiquette. Most of the time, they simply do not know. These guidelines will provide you and your team the information needed to conduct business with class, style and presence.

Public schools are business entities.

As educated professionals we are to act as professionals in business. The reason that many people do not treat educators as professionals is because they do not act as professionals.

Ten Tips For Every Employee

- Be accountable and responsible.
- Be timely and truthful.
- Use technology only for business during work.
- Never gossip or become part of the rumor mill.
- Don't violate others' personal and private space.
- Know when to comment, when to listen.
- Give what's needed (extra energy and effort) when needed.
- When you have the experience, volunteer for an opportunity to show your leadership.
- Respect decisions made by the boss.
- Show up - be there in the moment.

Knowledge breeds confidence. Become educated on your organizational culture as well as the rules of etiquette. Eliminate as many of etiquette's unknowns as possible.

Record Keeping-Absences, Tardies, and Grades

Efficient record keeping is a must for all employees. Please make sure that all grades and attendance for students are done timely and accurately. Tardies and absences should be recorded in the teacher's grade book. This is a state requirement. In case of a lawsuit or audit, the teacher's grade book is a vital part of school records and evidence. Please remember that the district earns its money from the state based on student attendance. There are times that the state can and will request proof of student attendance so your record keeping is important for the district.

Teachers, grades, 6-12, are required to take attendance at the beginning of EACH class period. All teachers are strongly encouraged to make sure that all grades are entered into the computer system on a timely basis. If a teacher uses the computer as their sole grade book and does not have a hardcopy backup, it is necessary to print out a hardcopy at the end of each six weeks and keep a copy for record keeping purposes. Gradebooks are considered official documents, so extra care is required. A final hardcopy must be submitted at the end of the school year by each teacher for archival purposes.

A teacher's grade book is an official record approved by the state. Make sure it is kept confidential. It should have all of the students' grades in it and all absences and tardies, as stated above. When grading papers, tests, etc. make sure you have a grading policy that will tell what percentage is given for daily work versus quizzes and tests.

At no time should parent volunteer be allowed to grade papers. This is a very serious breach of the confidentiality laws also known as FERPA - Family Educational Rights and Privacy Act. It is not permissible to have students grade other student's work in class.

Requisition & Purchase Orders

Every attempt is made by the district to insure that all necessary resources are available to insure that students are receiving a top quality educational experience. Ordinary office supplies are ordered throughout the year and are available upon request. IF OTHER MATERIALS ARE NEEDED PLEASE SEE YOUR CAMPUS PRINCIPAL REGARDING THAT NEED.

The district utilizes an automated requisition system. Those requisitions are inputted at the campus/mid-level of the district for submission, processing, and approval.

If the request is approved by the principal, then a requisition form will be given to the person making the request who will then fill out the form completely and then returned it the Principal. The principal/mid-level administrator/campus secretary will enter the requisition into the computer system and submit the approval for mid-level approve and then forward it to the central office for approval.

After approval from the central office is given, the PO can be printed by the campus secretary who will then give to the person making the request to allow them to order the merchandise. No items are to be ordered without first having received the proper signed copies from the administration office. If a list of items is attached to the P.O., the teacher should make a copy of it because the original will not be returned to the Principal's office and may get lost in the signing process.

The district does not reimburse for supplies purchased without an approved purchase order. An approved purchase order is required before any purchase can be made. Any employee purchasing items without the proper approval is responsible for the payment of all obligations which they have incurred. As necessary, deductions from an employees paycheck will be used to cover any obligation incurred on the district without authorization by an employee.

Special Education

Regular Ed. teachers should communicate with the Special Ed teacher on a regular basis. You should have a copy of your special ed student's IEP in order to work closely with the Special Ed teacher so, together, you can help each student achieve to his/her highest ability. Special Ed students and special needs students already have the stigma that they are different or dumb. We need to do everything possible to change this for them and to help them create a high degree of self worth. Regular education teachers must have a copy of modifications for their students no later than Friday, August 24th. Special education teachers should document that modifications have been distributed to the appropriate teachers.

The Learning Lab is a requirement if it is put in at the time of the ARD. Make sure you know the amount of time for each of your Special Ed students so that they receive that amount of time each week or each month. Students are allowed at any time to receive Learning Lab time, and the teacher must not refuse their going to the Lab. If there is abuse, bring it to the Principal's attention and it will be changed.

All referrals must first go to the principal. The student's needs should be adequately documented by the teacher(s). The Pre-referral process for DeLeon ISO is currently being developed. If any staff member observes a student with any need see your campus principal and advise them of the need immediately for direction and assistance. Do not wait, early intervention is important.

Substitute Teachers

All substitute teachers are secured through the AESOP system. **TEACHERS DO NOT CALL FOR THEIR OWN SUBS. TEACHERS ARE NOT TO SECURE "COVER" FOR THEIR CLASSROOMS.** You must go through your campus secretary; you can make your request for a

specific person at that time, however the final decision on which substitute to use is the decision of the campus principal.

Travel Policy and Procedures with Students

Traveling with students is a regular activity for all schools. For events that occur on a regular basis, such as athletic and band travel, the normal procedure of scheduling the events and requesting transportation should be followed.

AT NO TIME SHOULD A PERSONAL VEHICLE BE USED TO TRANSPORT STUDENTS FOR ANY REASON.

Policies DFAA, DFAB, DFBA, DFBB, DFD, DFF, DFFA, DFFB, DFFC

Employees on probationary, term, and continuing contracts can be dismissed during the school year according to the procedures outlined in district policies. Employees on probationary or term contracts can be nonrenewed at the end of the contract term. Contract employees dismissed during the school year, suspended without pay, or subject to a reduction in force are entitled to receive notice of the recommended action, an explanation of the charges against them, and an opportunity for a hearing. The timelines and procedures to be followed when a suspension, termination, or nonrenewal occurs will be provided when a written notice is given to an employee. Advance notification requirements do not apply when a contract employee is dismissed for failing to obtain or maintain appropriate certification or when the employee's certification is revoked for misconduct. Information on the timelines and procedures can be found in the DF series policies that are provided to employees or are available on line.

Dismissal of Noncontract Employees

Policy DCD

Noncontract employees are employed at will and may be dismissed without notice, a description of the reasons for dismissal, or a hearing. It is unlawful for the district to dismiss any employee for reasons of race, color, religion, gender, national origin, age, disability, military status, genetic information, any other basis protected by law, or in retaliation for the exercise of certain protected legal rights. Noncontract employees who are dismissed have the right to grieve the termination. The dismissed employee must follow the district process outlined in this handbook when pursuing the grievance. (See *Complaints and Grievances*.)

All district keys, books, property including intellectual property, and equipment must be returned upon separation from employment.

Student records are confidential and are protected from unauthorized inspection or use. Employees should take precautions to maintain the confidentiality of all student records. The following people are the only people who have general access to a student's records:

- Parents: Married, separated, or divorced unless parental rights have been legally terminated and the school has been given a copy of the court order terminating parental rights
- The student: The rights of parents transfer to a student who turns 18 or is enrolled in an institution of post-secondary education. A district is not prohibited from granting the student access to the student's records before this time.
- School officials with legitimate educational interests

Parent and Student Complaints

Policy FNG

In an effort to hear and resolve parent and student complaints in a timely manner and at the lowest administrative level possible, the board has adopted orderly processes for handling complaints on different issues. Any campus office or the superintendent's office can provide parents and students with information on filing a complaint.

Parents are encouraged to discuss problems or complaints with the teacher or the appropriate administrator at any time. Parents and students with complaints that cannot be resolved to their satisfaction should be directed to the campus principal. The formal complaint process provides parents and students with an opportunity to be heard up to the highest level of management if they are dissatisfied with a principal's response.

Exceptions apply to the self-administration of asthma medication, medication for anaphylaxis (e.g., EpiPen®), and medication for diabetes management, if the medication is self-administered in accordance with district policy and procedures. A student who must take any other medication during the school day must bring a written request from his or her parent and the medicine in its original, properly labeled container. Contact the principal or school nurse for information on procedures that must be followed when administering medication to students.

Teachers and administrators are responsible for taking disciplinary action based on a range of discipline management strategies that have been adopted by the district. Other employees that have concerns about a particular student's conduct should contact the classroom teacher or campus principal.

Student Attendance

Policy FEB

Teachers and staff should be familiar with the district's policies and procedures for attendance accounting. These procedures require minor students to have parental consent before they are allowed to leave campus. When absent from school, the student upon returning to school, must bring a note signed by the parent that describes the reason for the absence. These requirements

are addressed in campus training and in the student handbook. Contact the campus principal for additional information.

While most initiation rites are permissible, engaging in or permitting "hazing" is a criminal offense. Any teacher, administrator, or employee who observes a student engaged in any form of hazing, who has reason to know or suspect that a student intends to engage in hazing, or has engaged in hazing must report that fact or suspicion to the designated campus administrator.
